SCHOOL SAFETY POLICY STATEMENT

School of Biological Sciences (SBS) in recognizing its corporate responsibility commits to take all reasonably practicable means to provide a safe and healthy environment to all staff, partners, students and visitors. The SBS further commits to strive for progress with consideration to environmental sustainability.

- Comply with Health, Safety and Environment (HSE) legislations in Singapore and formulate other relevant HSE policies to fulfill the policy;
- Establish, implement and maintain a Safety Management System in line with University's HSE policy;
- Communicate management system requirements to staff, student, partners and visitors;
- Develop and implement a Risk Management System;
- Provide appropriate HSE training , information and supervision for staff and students to work safely and reduce potential risks at source;
- Measure and evaluate HSE performance regularly so as to achieve continual improvements;
- Report and investigate promptly all incidents and accidents to determine the root cause(s) and take appropriate actions to prevent recurrence; and
- Provide appropriate resources to achieve these objectives.
