## **SCHOOL SAFETY POLICY STATEMENT**

School of Biological Sciences (SBS) in recognizing its corporate responsibility commits to take all reasonably practicable means to provide a safe and healthy environment to all staff, partners, students and visitors. The SBS further commits to strive for progress with consideration to environmental sustainability.

- Comply with applicable Safety, Health and Environmental legislations in Singapore;
- Adopt the Singapore Safety Management Framework (SS506) in line with University's OSHE Policy and proactively manage work related risks to prevent incidents;
- Inculcate a sense of shared stewardship for Occupational Safety, Health & Environment (OSHE) matters among staff and student to prevent injury and ill health;
- Communicate Safety Management System requirements to staff, students, partners and visitors;
- Set OSH objectives and monitor relevant safety as well as occupational health performance periodically;
- Provide appropriate OSH training, information and supervision for staff and students to work safely and reduce potential risks at source;
- Report and investigate promptly ALL incidents to determine the root cause(s) and take appropriate actions to prevent recurrence;
- Continually review the infrastructural facilities and research projects to address risks as well as the prevention to environmental pollution;
- Provide appropriate resources to achieve the intent of this policy; and
- Strive for continual improvements to School's Occupational Safety & Health Management System (OSHMS)
