

Interested in Immunology? Just graduated in life science? Searching for an exclusive and top-quality PhD program?
Excited to explore new challenges in an exotic region?

SlgN-NTU Immunology PhD Program

Program Content

- Joint initiative of SlgN (A*STAR) & School of Biological Sciences (SBS, NTU)
- Intake – August 2014
- **Scholarship granted for 4 years** (university fees + stipend)
- Thesis: Research project in human immunology / immune regulation as a core curriculum
- Project carried out in SBS, SlgN or both
- International program board (SlgN PIs and NTU Professors)
- Opportunity to attend a PhD annual training workshop and international scientific conferences
- Degree awarded by Nanyang Technological University (NTU)

Interested candidates should visit www.sign.a-star.edu.sg/PhD-Program for details on the application process

Deadline for applications: 13 December 2013

For enquiries about this PhD Program, please contact Program Manager Barbora Fricova at SlgN_PhD_Program@immunol.a-star.edu.sg

Attractive Scholarship Includes:

International Students:

- University fees
- Monthly stipend
- Airfare grants
- Settling-in allowance
- Medical Insurance
- Subsidized NTU campus housing: 1st year

Local Students:

- University fees
- Monthly stipend
- Conference allowance
- Book, computer and thesis allowance
- Support for overseas attachment
- Medical insurance
- Subsidized NTU campus housing: 1st year

About SlgN

- New immunology hub: launched by Agency for Science, Technology and Research (A*STAR) in January 2008 in Immunos Building at Biopolis (Singapore)
- Rapid growth, international environment: 220 researchers coming from 25 countries
- Cutting-edge technological platforms and core services: Multiphoton imaging, human Monoclonal Abs, Flow Cytometry, CyTOF, Mutant mouse collection, Genomics etc.
- Main research areas: Infection, Inflammation and Immunoregulation with emphasis on human immunology and translational research
- International networking & collaborations: important partners in Biotech industry as well as clinical, research and academic partners

SlgN PIs

About SBS, NTU

- NTU - among world's 100 top-ranked universities
- Founded in 2002, SBS had a mission to make a strong contribution to biological and biomedical sciences
- Strong achievements in the areas of Peptide Chemistry, Drug Discovery, Genetics & Disease, Immunology, Infectious Diseases and Protein Engineering
- Strong Master and PhD program, including high quality hands-on courses and 260 graduate students
- Equipped with the most advanced instruments and technologies for life sciences research

SBS Professors
