

Interested in Biomedical Sciences?  
Excited to explore new challenges in Sweden & Singapore?

## KI - NTU Joint PhD Program in *Biomedical Sciences*

### Program Content

- Joint PhD Programme between Karolinska Institutet, Sweden & School of Biological Sciences (SBS, NTU)
- Intake – January and August
- **Scholarship granted for 4 years** (*university fees + stipend*)
- Airfare grant for time spent in Sweden.
- Thesis: Research project in biomedical sciences.
- Project carried out in both Singapore & Sweden.
- International program board (*KI- and NTU Professors*)
- Opportunity to attend training workshops and international scientific conferences.
- Degree awarded by both Nanyang Technological University (NTU) & Karolinska Institutet

### Attractive Scholarship Includes:

#### International Students:

- University fees
- Monthly stipend
- Airfare grants
- Medical Insurance
- Campus housing

#### Local Students:

- University fees
- Monthly stipend
- Conference allowance
- Campus housing

### About Karolinska Institutet

- Karolinska Institutet (KI) is a world-leading medical university with research that spans the entire medical field from basic experimental research to patient-oriented and nursing research
- Since 1901 the Nobel Assembly at Karolinska Institutet has selected the Nobel laureates in Physiology or Medicine.
- An excellent international research environment with English as the main working language
- Access to high quality doctoral courses
- Good individual support mechanisms including career planning
- Browse [www.ki.se](http://www.ki.se) and [www.ki.se/doctoral](http://www.ki.se/doctoral) to find more information about doctoral education at Karolinska Institutet.

### About SBS, NTU

- NTU - among world's 50 top-ranked universities.
- Founded in 2002, the *School of Biological Sciences*, SBS had a mission to make a strong contribution to biological and biomedical sciences
- Strong achievements in the areas of Peptide Chemistry, Drug Discovery, Genetics & Disease, Immunology, Infectious Diseases, Protein Engineering and Structural Biology
- Strong Master and PhD program, including high quality hands-on courses and 260 graduate students
- Equipped with the most advanced instruments and technologies for life sciences research
- You can browse <http://www.sbs.ntu.edu.sg/prospective/graduate/Pages/Home.aspx> to find out more information about research and the Graduate Programme of the *School of Biological Sciences*

Interested candidates should visit <http://www.sbs.ntu.edu.sg/prospective/Graduate/Pages/NTUKL.aspx> for details about the **projects** and **application process**.
